

Award-winning Milano Coffee is now open on Vancouver Island in Comox, BC

May 2016, (COMOX, BC) —Vancouver’s world-renowned Milano Coffee is expanding with the opening of its newest café, located in Comox, BC. Milano Coffee is now open at 2016B Comox Avenue. This is Milano’s fifth location, there are three cafés in Vancouver, and one opened in Toronto last year.

Located in a mid-century style building, the new café offers Milano’s award-winning espresso blends, alongside superior single origin coffees, artisan sweet and savory baked goods and light meals.

Owners of Milano Coffee, Brian and Linda Turko, are proud to partner with Comox residents, Robin and Vickie Henry, who will own and operate this licensed Milano venture. Robin and Vickie are service industry veterans and are literally part of the Milano family, Robin is Linda’s brother.

Together, the Turkos have been making days a little better by sharing their passion for exceptional coffee and espresso for over two decades. Seven-time gold-medal-winning espresso master Brian Turko’s high bean count espresso blends set Milano apart. Since 2012, the company has received seven gold medals for best espresso from the International Institute of Coffee Tasters.

“Milano Coffee is all about mixing espresso blending tradition with west coast innovation,” says Robin. “It’s a serious cup of coffee or espresso for sure, served up in an ultra-comfortable and welcoming environment. We can’t wait to show Vancouver Islanders and visitors what we’re all about!”

By licensing the brand to the Henrys, the Turkos knows that the Milano’s integrity is in good hands.

The espresso machine in use at Milano is the top-of-the line Aurelia II T3, which guarantees consistency and is the same type used in World Barista Championship. Milano Coffee is now open daily from 7am to 6pm on weekdays, and 8am to 5pm on weekends. Visit them in person or online at milanocoffee.ca and follow along on social media @MilanoRoasters.
